Corporate Overview

Quaternary Resource Investigations, LLC (QRI) is an Economically Disadvantaged Woman Owned Small Business (EDWOSB) headquartered in Baton Rouge, LA. Established in 1986, QRI has over 30 years of experience providing environmental consulting, geophysical assessments, environmental remediation, emergency response and construction services. QRI excels at providing these services to government, petrochemical and oil & gas industry clients with a dedicated team that brings innovation, safety and efficiency to develop and deliver quality results.

Past Performance

FEMA

Differentiators

- QRI has mastered the art of the Joint Venture (JV)
- 8(a) sole source vehicles + negotiation expertise
- GSA 899 Schedule to provide multiple contract vehicles for our preferred clients to access our services quickly
- QRI's success in the federal arena is directly related to our Outstanding Program Management and the quality of final deliverables, as represented on Performance Ratings and our repeat client base
